Green Infrastructure Grants List as of September 2019**

Organization & Contact	Project Description	Grant Amount	Term (Mos.)	Fiscal Year
Alliance for The Great Lakes Chicago Joel Brammeier	to work with other organizations and coalitions in a coordinated fashion to support the city in implementing integrated water management policies and practices	135,000	12	2018
	to move water-related local and regional planning forward to achieve on-the-ground results and policy improvements in Detroit while inspiring citizen engagement	60,000	12	2017
		60,000	12	2016
Alliance of Rouge Communities Canton James W. Ridgway	to secure and facilitate assistance from the EPA through the Great Lakes Legacy Fund to work with industry to remediate contaminated sediments in the Rouge River Area of Concern	61,251	18	2012
		60,000	12	2015
Belle Isle Conservancy For Oudolf Garden Detroit Duncan Campbell	to construct a stormwater demonstration garden and related educational and community education as part of Oudolf Garden Detroit	500,000	24	2019
Capuchin Soup Kitchen Detroit (in partnership with Detroit Black Community Food Security Network) Patrick Crouch; Malik Yakini	to fund rainwater harvesting systems at two significant urban farms in the city of Detroit	132,800	18	2012
Chandler Park Conservancy Detroit Alex J. Allen III	for stormwater management installation and operating support for The Chandler Park Conservancy	607,000	36	2016
Charles H. Wright Museum of African American History Detroit Leslie Tom	planning grant for development of final concept and work plan for collaborative storm water demonstration site between The Wright Museum and the Michigan Science Center	157,000	12	2018
		54,000	12	2017
Christ Church Cranbrook Bloomfield Hills	to collaborate with DWSD and Detroit churches to provide programming in water stewardship	16,000	12	2018
Clean Water Fund Clinton Township	to educate residents about ways they can cleanup and protect Lake St. Clair and connect them to governmental efforts with linkages to the lake	10,000	12	2015
		100,000	12	2012
		30,000	12	2011
Clinton River Watershed Council Rochester Hills Anne Brasie	for construction of biocells and other stormwater features at the Center Street Parklet in Royal Oak	50,000	12	2016
	to support WaterTowns!, a community-based initiative designed to help towns and cities in the watershed leverage the assets of the Clinton River and Lake St. Clair for water-oriented community development	225,000	36	2019
		255,000	36	2016
		180,000	36	2013

**Fred A. and Barbara M. Erb Family Foundation
Green Infrastructure Grants List as of September 2019**

College for Creative Studies Detroit	to partner with Detroit Future City and Greening of Detroit to create four large community-generated public art projects for Detroit's neighborhoods through the CPAD program	150,000	24	2015
Cranbrook Educational Community Bloomfield Hills	to create 3 new community gardens to demonstrate freshwater management through green infrastructure in collaboration with Welcome Missionary Baptist Church, Greater Pontiac Community Coalition, Pontiac Garden Club, Pontiac Public Schools, Lawrence Technological University and the Engineering Society of Detroit	90,000	24	2011
Detroit Economic Growth Association Detroit	for contractor training and funding to help property owners construct green infrastructure to manage stormwater and qualify for a credit towards the DWSD drainage charge	650,000	24	2017
	to match an EPA GLRI grant to test and develop methods for improving stormwater management through green infrastructure in the Near Eastside Drainage District of Detroit	500,000	24	2014
Detroit Future City Detroit Anika Goss Foster	to support an assessment of the existing and projected market for jobs that support the expansion of green stormwater infrastructure in Detroit	50,000	9	2018
	for Land + Water WORKS, a coalition working to involve Detroiters in scaling up green stormwater infrastructure. The program's keystone is an ambassador network of neighborhood leaders and nonprofits that are working to engage their family, friends, and neighbors in conversations and projects on land and water stewardship	1,010,000	24	2019
		125,000	6	2018
		326,500	12	2017
	to develop a competitive application to US Department of Housing and Urban Development (HUD) for disaster response funding for sustainable infrastructure to improve resiliency	115,000	6	2016
	for development and implementation of the Vacant Lot Transformation Guide including a mini-grant program, technical assistance, and communications and storytelling	140,000 80,000	6 12	2016 2015
to engage landscape architect consultants as part of the technical team for the Detroit Works Project	100,000	12	2011	

**Fred A. and Barbara M. Erb Family Foundation
Green Infrastructure Grants List as of September 2019**

Detroit Greenways Coalition	to encourage stormwater management practices	20,000	12	2018
Detroit	in tandem with greenways	20,000	8	2018
Todd Scott		10,000	12	2017
		5,000	12	2015
		10,000	12	2013
Develop Detroit	to pilot sustainable building practices and green	700,000	24	2019
Detroit	property management at the University			
Sonya Mays	Meadows multifamily development; apply lessons from this pilot to all Develop Detroit projects in metro-Detroit; educate other developers on how to adopt these practices			
Detroit Science Center Inc	for a challenge grant to construct the Clean	125,000	12	2009
Detroit	Water Through Greenengineering exhibit collection			
Downtown Detroit Partnership	to incorporate green infrastructure capital	250,000	12	2017
Detroit	improvements into the Woodward Avenue bike			
Eric Larson	mobility streetscape design			
Eastern Market Corporation	to develop stormwater management practices,	75,000	12	2015
Detroit	organizational structure and funding mechanisms			
Daniel S Carmody	to establish a Stormwater Management District as part of the Market's 2025 Strategy.			
Eastside Community Network	to support the Lower East Side Action Plan (LEAP)	300,000	12	2018
Detroit	on the lower east side of Detroit, a multi-agency	250,000		
	community-based planning process to determine	250,000		
	equitable, productive and environmentally	250,000		
	sustainable re-use of vacant land on Detroit's	100,000		
	lower eastside	170,000		
		170,000		
		146,000		
		120,000		
Freshwater Future	to continue a neighborhood climate resilience to	35,000	12	2015
Petoskey	provide regrants and related technical assistance	35,000	12	2014
Jill M. Ryan	to fund community-based climate adaptation	35,000	12	2012
	projects in the Detroit area			
Friends of The Rouge	For the Rain Gardens to the Rescue program	330,000	36	2018
Plymouth				
Mrs. Marie T McCormick	to support the volunteer benthic	80,000	23	2011
	macroinvertebrate sampling program as part of a			
	Great Lakes Restoration Initiative program to			
	create or restore 25 acres of green infrastructure			
	and improve wildlife habitat in Detroit and in			
	Wayne County			

**Fred A. and Barbara M. Erb Family Foundation
Green Infrastructure Grants List as of September 2019**

Funders Network For Smart Growth And Livable Communities Inc Coral Gables	to support green stormwater infrastructure projects within the national Partners for Places matching grant program, catalyzing partnerships between municipal or county-level sustainability directors and local, place-based foundations	50,000	18	2017
Genesis HOPE Detroit Jeanine Hatcher	To support engineering design of a shared GSI practice between a new mixed use affordable housing development and an adjacent church in Detroit to qualify for a DWSD drainage credit	110,000	12	2019
Great Lakes Commission Ann Arbor Darren Nichols	to increase the adoption of green stormwater infrastructure practices by supporting a mentoring network of green infrastructure champions across the binational Great Lakes basin	245,000 245,000	24 24	2019 2017
Greening of Detroit Detroit Lionel Bradford	for a challenge grant for general operating support	100,000 50,000	24 12	2018 2017
	to begin renovating W.I. Meyers Nursery, which will provide important training opportunities for Detroiters as they grow trees and native plants for Detroit's green infrastructure	350,000 350,000	24 24	2017 2020
	to partner with DTE and the City of Detroit to reactivate Detroit's former O'Shea Park into a unique amenity that combines recreation, education and public space with innovative energy and blue/green infrastructure functions that extend into the neighborhood	110,000	9	2016
	to support the civic engagement and GSI activities related to the City of Detroit pilot project in the Fitzgerald neighborhood	68,000	12	2016
	to strengthen organizational infrastructures at the Greening and Ecoworks (formerly WARM), creating the additional capacity to play a pivotal role in shaping a sustainable future for Detroit including improved water quality	300,000	24	2013
	to test a new vacant land reclamation model that will create swaths of newly forested land in Detroit to mitigate storm water runoff	160,000	18	2010

**Fred A. and Barbara M. Erb Family Foundation
Green Infrastructure Grants List as of September 2019**

Jefferson East Inc Detroit Joshua R. Elling	to transform an abandoned Detroit block into a mixed-use, mixed-income development incorporating public space, green design and water conservation	250,000	12	2018
Joy-Southfield Community Development Corporation Detroit David J. Law	to design and engineer a Transportation Alternative Program for Joy Road that incorporates green stormwater infrastructure along a commercial corridor	80,000	12	2015
Keep Growing Detroit Detroit Ashley Atkinson	to research and advocate for the role of urban agriculture in managing stormwater and provide growers with the knowledge and infrastructure they need to be good water stewards for the "Growing Sustainable Water Solutions" project, a collaboration of Keep Growing Detroit, Sierra Club and Friends of The Rouge, to educate and enable residents to build rain gardens, water catchment systems and healthy soils to help manage stormwater and conserve water	406,203	36	2018
		383,000	36	2015
Lawrence Technological University Southfield Don Carpenter	to develop a binational stormwater technology transfer collaborative for the Great Lakes Basin in partnership with the Great Lakes Commission	120,000	12	2016
	to underwrite the production by Issue Media Group of stories of people working on innovative green infrastructure in Detroit	22,000	9	2013
	to develop a stormwater management educational trail for the Great Lakes Stormwater Management Institute	57,000	12	2011
Michigan Community Resources Detroit Shamyle Dobbs	to provide mini grants of up to \$5,000 and technical assistance for small projects in Detroit that support green stormwater infrastructure	75,000	12	2017
		60,000	12	2016
Midtown Detroit, Inc	To incorporate sustainability into cultural campus planning efforts	60,000	12	2018
		100,000	12	2019
Motorcities National Heritage Area Partnership Incorporated Detroit Shawn Pomaville	to transform a neglected urban space into an experiential gateway that interprets the history of labor, industry and environment	170,000	12	2017
Museum of Contemporary Art Detroit (MOCAD) Detroit Elysia Borowy-Reeder	To support GSI design and engineering for MOCAD's outdoor campus renovation	130,000	12	2019

**Fred A. and Barbara M. Erb Family Foundation
Green Infrastructure Grants List as of September 2019**

National Fish and Wildlife Foundation Ft. Snelling, MN Aislynn Gauchay	to create the Southeast Michigan Resiliency Fund, a public private fund to support green stormwater infrastructure and habitat in the seven county southeast Michigan region	600,000	38	2018
Nature Conservancy Lansing Mrs. Helen Taylor	to develop a prototype green infrastructure project tracking and communications knowledgebase and web interface for the City of Detroit	241,000 63,000	24 6	2017 2016
	to advance green infrastructure (GI) in Detroit by modifying policies to incentivize GI, securing investments under the DWSD stormwater permit, and establishing the conditions for implementation	1,200,000	60	2016
Oakland Avenue Urban Farm Detroit (with Northend Christian CDC) Jerry Hebron	continue to develop green infrastructure and other green technologies demonstration projects and related education in the North End	20,000	12	2014
	to expand an existing neighborhood demonstration home to include educational strategies related to alternative energy and low-impact green infrastructure options	20,000	12	2013
River Network Portland Nicole Silk	to examine and advance opportunities for greater coordination among municipalities to use green infrastructure to minimize climate impacts, improve water efficiency, and promote green jobs	60,000	24	2011
Sierra Club Foundation Lansing Gail Philbin	to support efforts to promote the use of urban green infrastructure in Detroit	75,000 75,000 75,000 75,000 79,700 75,000	24 12 12 12 12 12	2017 2016 2015 2014 2013 2012 2011
Southwest Detroit Business Association Detroit Rob Dewaelsche	to explore the Michigan Brownfield Act as a financing mechanism for commercial businesses to install green stormwater infrastructure and qualify for a Drainage Credit	108,000	12	2019
Six Rivers Regional Land Conservancy Rochester Christopher Bunch	to create a model wetlands databank and outreach program in Oakland and Macomb Counties to identify the highest priority wetlands and connect landowners with wetlands with those in need of performing mitigation	100,000	24	2010
Southwest Housing Solutions Detroit Timothy Thorland	for a storm water mitigation and demonstration project as part of a new creative arts center in southwest Detroit	75,000	24	2010

**Fred A. and Barbara M. Erb Family Foundation
Green Infrastructure Grants List as of September 2019**

Student Conservation Association Inc Arlington Jaime Berman Matyas	to give underserved Detroit youth the training, tools, and experience to have a stake in the environmental health and green infrastructure of their communities	60,000 50,000	12 12	2016 2015
University of Michigan Anya Sirota	to design and construct a set of triple-bottom-line green stormwater infrastructure demonstration projects at Oakland Avenue Urban Farm. This project will integrate the work of designers, engineers, and a local community development corporation to ensure that selected practices are effective, relevant, beautiful, and replicable	215,000	36	2019
Joan Nassauer	to measure social and environmental impacts of GSI projects in the Cody Rouge neighborhood of Detroit	1,149,277	36	2016
TOTAL GSI GRANTS:		17,184,731
